

Census timeline extended in response to COVID-19

The Census Bureau continues to adapt its operations as necessitated by COVID-19. Under the [current plan](#):

- Residents can respond to the 2020 Census until October 31.
- All in-person census-taking and field activities are being adjusted, and some activities are beginning to resume in certain areas.
- The largest field operation, door-to-door follow-up with households that haven't responded yet (known as Non-Response Follow-Up), will begin August 11.

All originally scheduled mailings, including mailing a paper questionnaire to households that haven't responded yet, have now been delivered. Residents can respond [online](#), [by phone](#), or [by mail](#) until October 31.

For more information, see "[2020 Census Operational Adjustments Due to COVID-19](#)." For details about activities in your area, check with the [Census Bureau's Partnership Specialist for your community](#) or your local [Complete Count Committee](#).
