

Impact A Student For A Lifetime ... And Beyond

Youth
Boosters

T4C
Tuscarawas County Council
for Church and Community

Current Need...

We have a young student in Dover (age 8-1/2) waiting for a male Booster to step forward. He is an A/B student interested in Golf, Legos and becoming an Engineer someday.

Youth Boosters... is a Christian non-denominational mentoring program for students (ages 8-12) and fully supported by **T4C**.

Youth Boosters... provides positive adult role models (Male & Female) for students who are in need of extra support and guidance.

This **special mentoring relationship** gives the student an important “boost” that Lasts a Lifetime ...and Beyond!
